Dear readers of *The Billetin*,

I owe you an apology. It has been brought to my attention that last week, a question was published in *The Billetin* with a false answer. To many, this has brought the reputation of this fine institution into disrepute. We here at *The Billetin* demand the truth, only the truth, and nothing but the truth.

As compensation for this ghastly betrayal, this week we have provided 10 extra trivia questions, to compensate for last week's loss. Hopefully, some of them will actually be answerable this week.

With the heaviest of hearts and the deepest of sorrows,

The Editor
