JOKE OF THE WEEK

A Doctor was addressing a large audience in Tampa. "The material we put into our stomachs is enough to have killed most of us sitting here, years ago. Red meat is awful. Soft drinks corrode your stomach lining. Chinese food is loaded with MSG. High fat diets can be disastrous, and none of us realizes the long-term harm caused by the germs in our drinking water. But there is one thing that is the most dangerous of all and we all have, or will, eat it. Can anyone here tell me what food it is that causes the most grief and suffering for years after eating it?" After several seconds of quiet, a 75-year-old man in the front row raised his hand, and softly said, "Wedding Cake."

FAREWELL LIECHTENSTEIN

Some of you may notice the lack of a Liechtenstein question in the trivia this week and in the next week. The Billitin would like to take this chance to say farewell to Liechtenstein. We believe it is time to let that most noble of countries rest in peace. Over the time we've spent with them, we've learnt so much, felt so much, and shared the emotions which are inspired by such a majestic country. Liechtenstein was once a land of mystery, but now is no longer, as I hope you have come to appreciate it's beauty. Thank you for joining us
