## Question of the Week

If you were lost in the middle of nowhere, and you find a river, would you walk upstream or downstream?

## OGM Election Voting

We've had our Ordinary General Meeting for this year! One of the big parts of the meeting was candidates speaking for election to First Year Representatives and Sub-Committee Chair positions.

Our returning officer (Martin Anderson) will be distributing a link to a website where you can vote for all of these great candidates. This link will be on Bruce Hall Ressies, WeChat, and e-mail.

We use a Hare-Clark electoral system here at Bruce. For you, this means you pick your first preference down to your bottom preference of the candidates for each position.

It was the first Thursday night of semester. All of Bruce Hall was hustling and bustling, ready for a night of party and celebration, or study and a good night's sleep. Little did they know that two Gavrilo Princip's were on the loose.

to the photo wall and information board. Shocked witnesses described the creation of the second most beautiful IAC ladder eyes had ever been laid on. The most beautiful of course being at the start of year, where the alphabetical arrangement of the colleges ensured Bruce was first.

The weekends touch tournament spelled a chance for the sports reps to regain dignity. Coming out swinging with their own memes in banter, neither side had the high ground in the battle yet. Unfortunately, the nature of the IAC calendar and the lack of events until debating left the arts reps with little material with which to respond.

Some suggest that this has all been a subtle marketing campaign to get people to run for first year sports and arts representative. Those same sources encouraged the community to access the link in your email, Bruce Hall Ressies, and WeChat this week, and get involved with actively choosing who represents the student community. *The Billetin* endorses you exercising your democratic right as a member of the Bruce Common Room.
