Doing it for Bill since 2014

Issue 127: 14<sup>th</sup> – 20<sup>th</sup> May 2018

There are three ex-ressies from last year hidden in this week's *Billetin*!

Thanks to everyone who came to the SGM on Sunday night, and well done to everyone who ran for a position. This week is just as packed as the last, with plenty of sports games happening, including some big finals! Get around the Bruce Hall dance troupe performing on Thursday night!

## SGM Elections

Congratulations to everyone running for chair of the Open Subcommittee and the Inward Bound Subcommittee! Make sure to vote for the subcomm chairs via the link that will be emailed to you, as well as being posted in Bruce Hall Ressies and WeChat!

## What's on in Canberra? (surprisingly, a lot)

### **Mt. Stromlo Public Astronomy Night**

**When:** 18<sup>th</sup> May, 7pm – 9pm

**Where:** Mount Stromlo Observatory

Researchers at Mount Stromlo Observatory will be hosting a night for the public to observe the night sky. The event includes a Q&A with ANU associate professor and global expert Charley Lineweaver.

## Question of the Week

What would you do if you had to choose between eating a spider or having one live above your bed for a month?

# Alternative Open Subcommittee Ideas

*The Billetin* does not necessarily endorse or not endorse any of these suggestions for potential subcommittees that ultimately did not make it to the SGM on Sunday.

## Sports Banner Subcommittee

The budget would be used to make banners for teams to run through at sports games. Of course, making a banner for every remaining game of they year would be too expensive, so \$50 would be spent making one banner, and the remaining \$100 would be spent making running repairs to the banner after each event. A special team would need to be organised at IB send off to repair the banner every hour at each send off.

## Astroturf Landscaping Subcommittee

The budget would be spent on purchasing lawnmowers and mops, in order to maintain the appearance of the revered astroturf in the quad. Funds would also be spent on the upkeep of the appearance of the quad rock.

## Ping Pong Ball Retrieval Subcommittee

The goal of this subcommittee would be to rescue the many ping pong balls lost in the roof of the JCR. The funds would be used to purchase tools, search lights, drones, and long sticks (potentially pool cues) to help rescue balls trapped in the fancy panels of the JCR roof. One risk is the \$150 won't cover the callout fee if a fire alarm is accidentally set off.

## Cup Subcommittee

The budget would be spent buying \$150 worth of cups to be shared in the dining hall. The subcommittee would have to decide upon the type of cup purchased. 15 six-packs (90 cups overall) of proper solid tumblers could be purchased. Alternatively, the community may prefer 336 disposable cardboard "minions" cups.

## Communist Subcommittee

$150/500 = 0.3$ . Give 30 cents to each resident.

## Billetin Production Subcommittee

The subcommittee would produce articles to be published in *The Billetin*. The budget would be used to provide funds for elements of investigative journalism, such as surveying Brucies about the big issues. This would of course include surveying what content they would like to see in *The Billetin*.
