## WHAT'S ON IN CANBERRA

**NIGHT AT THE MUSEUM: UNCHARTED**  
National Museum of Australia, 1.8km from CBD  
18 Aug 2017

'Night at the Museum' is definitely one of the best movies a child can see. However, this night at the museum is restricted to 18+ only.... how saucy. "From deep history to deep space, to the depths of the human mind" is the extent of the description of this event. Are you intrigued by the mystery surrounding it? Tickets: <http://bit.ly/2hMavcy>

**NEEL KOLHATKAR**  
The Street Theatre, 0.5km from CBD  
19 Aug 2017

If you like your humour to be edgier than an octagon then Neel Kolhatkar is the comedian for you. According to his website he hates political correctness, and also hates those who hate political correctness. Basically, he's salty about everything. Tickets: <http://bit.ly/2hMDCwj>

**BRUCE HALL PLAY**  
AUGUST 24<sup>TH</sup> - 26<sup>TH</sup>

8pm August 24<sup>th</sup>-26<sup>th</sup> at the Gorman Arts Centre

Set in 1940s Los Angeles, the Bruce play is the closest you will get to Hollywood in Canberra in both a physical and figurative sense. This detective noir will keep you searching for murder suspects right until the very end. With attention to detail going all the way to music composed and performed by Brucies, this compilation of our college's talent is not to be missed.

Gorman Arts Centre is also right in the middle of Braddon so going to the play is the perfect excuse for dinner and drinks out in Lonsdale Street. Make a night out of it!

Best of all, tickets are only \$11.44 for Bruce residents! You won't get to see a cheaper production this year.

Do Brucies continue to keep cups in their rooms even when there are numerous pleas on Banter for them to be returned? Do Brucies continue to keep cups in their rooms even when they come down to the Dining Hall and are frustrated at the lack of cups available for their use? Do Brucies continue to keep cups in their rooms even when the fire wardens write 'cups' on their doors in chalk? No, don't be stupid! It comes as no surprise that every single Bruce resident is innocent. In fact, the cups have all grown wings and flown away.

The 'Great Cup Migration', as it has been labelled, has been plaguing the country for weeks as the Dining Hall runs out of cups even faster than it runs out of wedges during Saturday lunches. Hunting season has come early for Australia's redneck equivalents as they pack their picnic baskets with VB and head off for a day of 'sport' shooting down cups. The record for cup shooting is 30 cups in 10 minutes; which is nothing compared to how many times you will be shot if a cup is found in your room.

Experts have discovered that immediately after the cups grow wings, they develop a desire to prank the nearest person, so they fly to that person's bedroom and hide. This is why so many Brucies have recently discovered cups in their rooms despite never taking one from the Dining Hall! The Billetin sat down with a victim of one of these sneaky practical jokes to discuss the full implications of the cruel trick.

"I'd never even seen a cup before in my life, let alone selfishly taken one back to my room and not returned it" sobbed the distressed victim. "Then one day my friend came to visit my room, and the very second she walked in the door about 5 cups appeared in my sink. I told her I didn't even know what they were but she didn't believe me and now everyone is upset with me for having them in my room".

The Billetin sympathises with any residents whose reputation has been tarred by one of these nasty pranks, and urges all victims to seek help by calling 1800-RETURN-YOUR-CUPS-OR-YOU'RE-DEAD.
