

BRUCE 'BILL' ITIN

With rice: 10/10

ISSUE 4: MONDAY 9 MARCH – MONDAY 16 MARCH

Farewell Marion

Normally when producing the 'Bill'itin, I'll reserve some space for a (somewhat) funny article. My plan this week was to seek some wisdom from the treasurer, however I think you will all agree that it would be remiss of me not to mention the departure of our much beloved and respected Head of Hall.

Marion is a Brucie through and through – she stayed here whilst studying a Bachelor of Arts and was appointed deputy head of hall at the age of 21 by none other than Bill Packard. Marion went on to lead a distinguished career, returning to Bruce to take up her position as Head of Hall in 2009. She has been honoured as a life-member of the Common Room, something that has only been bestowed upon her and the Packard family.

But it isn't her many achievements for which Marion is best remembered. It is the spirit, energy and warmth she has brought to the role that sits at the core of the incredible admiration we have for her. I am certain that I write on behalf of everyone when I say best of luck to Marion for all her future endeavours, she will be sorely missed.

PUBLIC LECTURE

Power & Unpaid Work: The Dark Side of Women's Caring Roles

Thursday March 12 @ 7pm
Manning Clarke Theatre 1

We live in a world where money is the basis of status, power and freedom, and yet women are expected to perform society's unpaid work; often to give up their jobs or their careers to care for children and/or for aged parents. This has profound implications for financial freedom and independence.

In this lecture Marilyn Waring will explore options to overcome barriers to achieving recognition and a fair wage for care workers. She asks what options are there to change the dynamic of centuries old expectations?

For those with a keen interest in gender equity, feminism or employment economics, this is not one to be missed.
