

# THE BRUCE BILLITIN

ISSUE 16: MONDAY 3 AUGUST – MONDAY 10 AUGUST

## TALKING TARIFFS

AS you may have noticed from Puff, Ressies or the CRC Minutes from the past week, there will be a new model for room tariffs at ANU residential colleges effective in 2016.

In order to explain this model and answer any questions you may have, the Registrar for Student Life, Lynda Mathey, will be joining us at **6.30pm on Monday night in the BN Room**. All residents are welcome and encouraged to attend.

## RETURNER'S POLICY

THERE are currently talks amongst the heads of ANU residences to standardise the Returner's Policy across every hall.

So that you better know what this means for you and your prospects of returning to Bruce next year there will be a meeting in the JCR at **7.00pm on Tuesday night**. Again, we encourage all residents to attend and be well informed.

### PUBLIC LECTURE: Civil Society and the Promotion of Democratic Transition in Egypt: Opportunities and Challenges

Wed 5 Aug, 6 - 7pm, Centre for Arab and Islamic Studies

IN Egypt after Mubarak, there is a greater space for civil society groups to work and fulfil their mission. However, after the ousting of President Morsi and his Muslim Brotherhood regime, the government has passed or proposed laws that appear to target "terrorism" or "national security," but in reality restrict freedom of expression and association. In this lecture Professor Hassan suggests several concrete steps that could be taken to advance the efficiency and impact of civil society in Egypt after Mubarak.
