

# The Bruce Billetin

*Doing it for Bill since 2014*

ISSUE #111: Monday 23<sup>rd</sup> October – Monday 29<sup>th</sup> October

This is my last Billetin ever so thank you very much for reading them throughout the year. Each Secretary has a very different writing style and usually changes up the design, so get keen for Blacker's new take on the Billetin next year. Enjoy the rest of your semester and good luck for exams!

# CONGRATULATIONS

This is Max's last Billetin ever, so congratulations are in order for Matt Blacker who is the new Secretary! Good luck Matt, we hope you start off with a bang. Here are a few tips on how to write the Billetin:

1. Double check that you have advertised the correct number of sheep or you will be personally responsible for the increased stress levels of those who can't find the missing 4<sup>th</sup> one because you only put in 3.
2. It's best not to make fun of other colleges.
3. Try to slip in some subtle puns here and there.
4. Most importantly, have fun writing the articles and enjoy the (hopefully) good feedback you will receive from the community!

1. What is the dot in the "i" called?
2. What is petrology the study of?
3. Who provides Bond with his gadgets?
