

The Bruce Billetin

Doing it for Bill since 2014

ISSUE #85: Monday 20th February – Monday 27th February

After a long period of torpor the mind may take a while to kick back into action. Luckily, our 12 week semesters are sufficiently long enough for you to excitedly regain your brain capacity, and then remember why you love the holidays so much. For now, take that enthusiasm gained from finally having a regular class routine again and go enjoy your first few lectures.

There are **3** sheep
in this Billetin

Head off to Hippo Co in Garema Place (in Civic) for live jazz music every Wednesday night starting from 8:30pm.

Calling all first year law students. If your 10cm thick textbooks have begun to freak you out, come along to the LAWS1001 seminar run by the Law Students Society to hear from lecturers, tutors, and high performing law students on how best to approach your degree. Snacks will be provided.

O WEEK STATISTICS

Enjoy the occasional pack of Tim Tams during a chat and chill or a drink at the Buttery throughout O Week? Here are some statistics on the rather exorbitant amount of goods and money that changed hands throughout the busiest period in Bruce's financial year.

25kg of Holi Powder

52 packets of streamers

450 Tim Tams

10kg of Doritos

\$1/second spent
at Order of Bruce

533 shots of vodka
sold at the Buttery

350 cans of Tooheys
sold at the Buttery

\$5500 spent at the
Buttery

3 metres of CRC shopping
receipts

Breaking research at the ANU has dispelled the common misconception that the extinction of dinosaurs was caused by a gigantic meteor striking the earth. Vice-Chancellor Brian Schmidt himself has confirmed in a recent press conference that the dinosaurs dwindled out of existence due to sleep deprivation, hangovers, and an especially nasty strain of the flu, following the rowdiest O Week in earth's history. A warning has been issued to all Bruce residents following the announcement, as it is rumoured that the Bruce plague (a disease akin to the Black Death in the 1400s) is tearing through the community thanks to the greatest O Week since the Triassic Period. It is recommended that all residents immediately dispose of all rubbish in the provided bins in their rooms to ensure that germs are contained, and that they prop open their doors with their provided doorstops to allow fresh air to circulate the building and carry the disease to Ursies instead. Under no circumstances should any rubbish be disposed of in the garbage chutes as they are ~~too small for most items~~ for decorative purposes only. Unfortunately, fatalities are expected so residents are advised to donate their bodies to 'scientific research' in the Dining Hall, as they are running low on mystery meat and would like to bulk up supplies. Please get in touch with a ~~phone call~~ two-way radio if you would like to do this. Your valuable contribution to the Bruce community will be recognised in a post-mortem awards ceremony on the ~~grass in the quad~~ concrete next to the quad.

1. What is the capital city of Peru?
2. In what month is the earth closest to the sun?
3. Which animal kills the most humans in Africa?
4. What is a group of crows called?
5. What is the hardest substance in the human body?
6. Which blood type can be given in transfusions to all people?
7. How much caffeine is in an average (250mL) cup of coffee?

Trivia

Happy Snaps

Thanks to our incredibly dedicated photographers who have taken thousands of photos over the past few days. Big round of applause for Janet Zhong, Scott Koh, Matt Goh, Julia Faragher, Cherry Zheng, and Abigail Thomas.

8. What is a tall chef's hat called?
9. Which two Australian actresses are in 'Moulin Rouge'?
10. Which is the tallest mountain in Greece?

Kidman and Kylie Minogue 10. Olympics
enamel 6. O negative 7. 95mg 8. A toque 9. Nicole
Jilma 2. January 3. Hippopotamus 4. A murderer 5. Tooth
